**Standing Committee Reports:** POSTED - Planning Commission

***Road Master:*** Naegele discussed that the DPW is working on potholes, ditch clean outs and mowing. Our laborer has resigned and we are advertising for a new employee. Our engineer, Ned Slocum, has filed for the DEP permits for the culvert replacements. The pipe replacement is on hold because the land owner explained that the original pipe was never put in the easement because of underground utilities. We will have our solicitor look into this matter. Naegele will work on the numbers for paving and hopefully open bids in August.

***Recreation Center:*** The Rec Center is currently closed for the summer. The mail has been forwarded to the township. Phones will also be forwarded and all business will go through the township office for the time being. Carol Mielnikowski was present to discuss that a past employee, Dan Packer, is interested in the manager position.

**NRVFC:** Chief LaCoe reported that the fire company had a total of 40 calls for the month of June. He also reiterated that the township needs to address the issue of people not having address signs in Newton Township.

**Bills:** Motion by Naegele to approve the bills as read and prepared, 2<sup>nd</sup> by Carr. Motion voted, all in favor.

**Public Input:**

- Alex Welsch was present to discuss the ongoing issue with the camper on the blvd. He believes that it no longer is having the sewage pumped out and the trash and junk is building up around the property. Supervisors discussed and will send the zoning officer to investigate.

Being no further public input and discussion, Naegele motioned to adjourn the meeting, 2<sup>nd</sup> by Carr. Motion voted, all in favor.

Meeting was adjourned at 7:17 PM
